Grades 7th - 12th

Our Goal

For our students at Hope Charter, our Extended Day Program offers a safe, supportive environment that encourages academic success, positive self-esteem, and good health. This is accomplished through guided fun and play, age-appropriate educational and creative activities, positive interaction with other students and staff, and nutritious snacks.

Our Extended Day Program does not receive funding from the State or any other outside sources. Our only source of funding is from our families who employ our services. We operate under the auspices of Hope Charter School and, therefore, operate as a non-profit program. One of our goals is to keep costs as low as possible for our families.
