## GUIDELINES FOR COMMUNITY SERVICE HOURS

All Legacy High School students are required to complete community service hours shown in the chart below in order to fulfill graduation requirements. Qualifying service projects must be provided to a **non-profit organization** in our community and *no compensation or credit can be earned as a result of the hours donated*. Exceptions to this standard require pre-approval and proposals must be submitted to your Leadership teacher (or the office if you don't have Leadership) at least one week prior to the scheduled service opportunity. All students must complete 1/4 of their hours each 9 week marking period, and have this form turned into their leadership teacher on or before the deadline indicated. Students without a leadership teacher, are to turn this form into the LHS office on or before the deadline indicated. Students must have a Legacy staff member sign and date the bottom of this form to validate the time and date it was submitted.
